To Whom It May Concern:

BeNeca is an outstanding professional trainer. She is professional and courteous when working with business professionals in any setting. I have had the privilege to interact with her during several academic training sessions for the University of California San Diego and the Rady School of Management Center for Executive Development. She is confident and knowledgeable in her leadership development skills for training executives and management. She works effectively with all levels of the workforce to enhance their skills and advance them to the next level.

I recommend and support BeNeca in all aspects in dealing with training of business executives and management.

Kind Regards,
