Dear BeNeca,

Thank you for working with Foothill Municipal Water District in redeveloping its company culture. The District was looking to create a more productive and cohesive work environment and you met the challenge.

The staff looked forward to meeting with you and developing their individual brands. You were able to focus everyone towards understanding their career path, the mission of Foothill and how their individual role extended toward meeting that mission.

BeNeca, you are a dynamic person and it was a pleasure working with you. Your positivity and can-do attitude injected itself to other people and contributed towards achieving the goals the Foothill Board had set out for the District.

I look forward to working with you again and recommend you to anyone interested in enhancing their brand.

Regards,
